The Skin Institute & Day Spa Promote Personal Growth

The Skin Institute & Day Spa opened in Milwaukee's Historic Third Ward in early April.

The Day Spa is a progressive professional salon and spa. At our Aveda salon we believe that you deserve more than just the finest services — you deserve the finest in beauty treatments.

Your visit begins with our exclusive complimentary services. This includes a stress-relieving scalp and hair treatment before every precision haircut, and a colour cosmetic application following. Facial and massage treatments also are available and are always complimented by an Herbal bath.

Men's and women's locker rooms and showers are provided for the convenience of our clients. Additionally, manicures and pedicures will be offered.

Enjoy spa packages for a couple of hours or the whole day. Gift certificates are available. Our trained professionals are the new generation of beauty

consultants.

In conjunction with the salon and spa is The Skin Institute. The Skin Institute is a state-licensed and regulated esthology school, an Aveda Concept School offering the same curriculum taught at the world renown Horst Institute in Minneapolis, MN.

The Skin Institute & Day Spa strongly promote professional and personal growth through education.

Monthly and weekly promotions will be available at the spa. Recent and upcoming events of interest include:

Earth Day — All revenues generated on April 18 were donated to the Give to the Earth Foundation.

Grand Opening Celebration — April 12-30, product promotions, salon and spa tours, and enter a drawing for salon or spa services.
